Closing Out 2024 with Continued Progress!

As 2024 comes to a close, we're reflecting on the progress made throughout the year on the 183 North Mobility Project. Our end-of-year video highlights key construction accomplishments, milestones, community outreach and the efforts made to improve mobility in Austin. From major construction phases completed, to the improvements in traffic flow already, the project team is proud to showcase the work done to create a safer, more efficient corridor for the future. Watch the video to see the impact we've made this year and what's ahead in the coming year.

Beyond 2025 ...

For a glimpse into the future, check out our bird's eye view video, which previews the fully transformed corridor with improved roadways, added lanes, and easy connections. Together, these videos highlight the exciting progress on the 183 North Mobility Project corridor!

Improved Roadways

Added Lanes

Easy Connections

In the Community

Cedar Park Holiday Tree Lighting

We were excited to help kick off the holiday season with the community lighting Cedar Park's Holiday Tree Lighting event that featured live music, food, treats, holiday movies and even Santa! We shared 183 North Mobility Project information, answered questions and provided fun giveaway items. It was great to interact with attendees who were curious about the project and overall positive and friendly. Despite the cold and rainy weather, everyone was in the holiday spirit.

Rattan Fest

Our team enjoyed attending Rattan Neighborhood Association's Rattan Fest on November 2nd! It was a great event that showcased how much craftsmanship is in the Austin area. There was live music throughout and many local treats like baked goods, homemade items and craft stations for kids.

We spoke to attendees and answered questions about the project. We had a lot of visitors thanking us for our crews' hard work and opening the fourth travel lane on US 183 early.

Balcones Village/Spicewood HOA Annual Meeting

The 183 North Mobility Project was invited to the Balcones Village/Spicewood HOA annual meeting on November 7th. This year the HOA hosted a meet and greet before the annual get-together at the neighborhood country club. Visitors were able to walk the lobby and stop by our information table where they engaged with our Community Relations Specialist, a full color project map poster, themed swag items and print materials like project fact sheets and QR codes for viewing the final project visualization video. The event was intimate with friendly residents expressing their excitement over the fourth lane opening and new traffic flow improvements. Several neighbors spoke to us at length about the improvements under construction at the US 183/MoPac interchange and were aided by the project materials and video in understanding how it will work. After the event was over, we received positive feedback that matched the sentiment felt the day of.

Great Hills Constructors' Toys for Tots Toy Drive

We'd like to shine a spotlight on our contractor for the 183 North Mobility Project, Great Hills Constructors, who is committed to being a good partner in the community. Recently, they organized a toy drive for their employees in support of the Toys for Tots program, which aims to bring the joy of Christmas to children in need. With more than 97% of donations directly supporting the mission, the program ensures that toys, books, and other gifts reach less fortunate children, spreading holiday cheer to those who need it most.

Holiday Lane Closure Pause

As we approach the holiday season, the 183 North Mobility Project team is taking a brief pause on lane closures to ensure smooth travel for those heading to holiday celebrations. From Monday, December 23rd at 6 a.m. to Friday, December 27th at 12 a.m. and then again Tuesday, December 31st at 12 p.m. to Thursday, January 2nd at 6 a.m., we will temporarily pause lane closures to minimize disruptions and make your holiday travels as stress-free as possible.

Happy Holidays and a Happy New Year!

The 183 North Mobility Project team would like to wish you and your loved ones a joyful holiday season and a happy New Year. Thank you for your patience during construction this year and for being a part of the journey. We can't wait to share more exciting updates with you in the coming year!

Do you have questions about the 183 North Mobility Project? We have answers! Check out the website for all of your project needs. Take a look at frequently asked questions, learn more about project improvements, and stay connected with updates on project news.
